WORKING TOGETHER
Uform has formed partnerships with
the following industry leading CAD
system and pricing software specialists.

PRODUCT LEAD TIMES

Uform will always try to maintain its lead times, however, capacity will ultimately determine the time taken to despatch orders. In times of increased demand and seasonal fluctuations, lead times may be extended, and customers will be informed of the revised despatch date on their order acknowledgement form. For the latest lead times, visit **uform.co.uk**

ORDERING & DELIVERY

ORDER ONLINE
ONLINE.UFORM.CO.UK

ACCOUNT TERMS

After an initial 3 month pro-forma trading period, credit accounts may be considered for regular buying customers after receipt of a completed application form and when references have been validated. We will issue a letter stating the limits and terms granted as quickly as possible. It should be noted that the date of invoice is the effective date for calculating credit facilities.

PLACING ORDERS

Uform encourages all customers to order products through **Uform Online**. To register for a Uform Online Account, visit online.uform.co.uk or call our Customer Services Team on 028 7965 1650.

We are partnered with all major **Kbb software providers** which means all you need to do is place your order on the relevant platform and the rest is automatically taken care of.

We offer an **EDI** option which means direct integration between your ordering system and our system. This avoids the need for any manual intervention, ultimately saving you time.

We offer a **‘quick order’ template** which, when populated and emailed to our Customer Services Team can be read automatically, another quick and easy way for you to order.

For further information on placing order methods, please contact the Customer Services team.

Orders will be acknowledged in writing. It is vital that you notify Uform immediately of any discrepancies.

Please note: credit-stopped orders will affect acknowledged delivery dates.

RETURNED GOODS / COLLECTIONS PROCESS

Goods delivered will not be accepted for return without the prior written approval from Uform and on terms to be determined at the absolute discretion of Uform.

If Uform agrees to accept goods for return, **the customer** shall be liable to pay a carriage and handling charge of 30% of the invoice price. The goods must be returned in their original shipping carton and within 28 days of receipt of goods.

Goods returned without the prior written approval from Uform or otherwise than in accordance with the terms stipulated may at the absolute discretion of Uform be returned to the customer or stored at the customer’s cost without prejudice to any rights or remedies Uform may have.

Please refer to Uform’s Terms & Conditions at back of price list for exact details of the returns process.

DELIVERY ARRANGEMENTS

Goods are despatched throughout Great Britain between Monday and Friday. The following delivery charges apply and are based on consolidated nett order values (exclusive of VAT) by delivery address:

ORDER VALUE (NETT EX. VAT)	STANDARD DESPATCH DAY	NON-STANDARD DESPATCH DAY	EXPRESS DELIVERY 24HR (PARCELS)	EXPRESS DELIVERY 48HR (PARCELS)	EXPRESS DELIVERY (PALLETES)	REDELIVERY
£0 - £150	£15.00	£30.00	£35.00	£20.00	POA	£50.00
£150 - £250	£25.00	£50.00	£45.00	£30.00		
£250+	FOC	£80.00	N/A	N/A		

STANDARD DESPATCH DAY

Please contact your Key Account Manager for your allocated standard despatch day(s). If your standard despatch day is within 24 hours, orders must be placed by 3pm the day before despatch. Please allow 48-72 hrs for delivery.

EXPRESS DELIVERY SERVICE

We recommend using this service only when there is no alternative available.

EXPRESS DELIVERY (PARCELS)

Please note, express parcels cover products less than 715mm in height (approx. 3 doors per parcel). The charge listed above is per parcel. 24-48hr Express service orders must be placed by 10.30am for same day despatch.

EXPRESS DELIVERY (PALLETES)

Please contact your Key Account Manager to confirm delivery charges.

CLICK & COLLECT SERVICE

Take advantage of our **free Click & Collect** service at four UK depot locations. Order by **11am** for **24-hour** or **48-hour collection**, depending on location. Orders must be collected within 5 days from the date they arrive at the depot, or a disposal/returns charge will apply. This service is available 5 days a week with no size, weight, or quantity restrictions.

DEPOT LOCATION	ORDER READY	READY FOR COLLECTION	COLLECTION OPENING HOURS
Seaham (North East)	48 hours after ordering	12 noon (Day 2)	9am - 4.30pm
Manchester	48 hours after ordering	11am (Day 2)	8.15am - 3.30pm
Birmingham	48 hours after ordering	11am (Day 2)	8am - 5pm
Derby	24 hours after ordering	2pm (Next Day)	8am - 5pm

To avail of this service, email your orders to customerservices@uform.co.uk or order via Uform Online and select the depot location collection option at checkout. An order confirmation will be sent via email to include an order reference number and details on the collection process. For more information on our Click & Collect Service, visit uform.co.uk

All goods must be inspected thoroughly upon receipt. Uform will not be liable for damages which haven’t been reported in writing within 3 days of receiving goods. Please note, any goods signed for ‘Received in good condition’, and later found to be damaged, will not be accepted for return by Uform.

PAINT & STAIN RANGES

Uform offers a selection of paints and stains for a variety of our door styles. Painted and stained doors are manufactured using high quality hardwoods or MDF Plus to which a superior quality paint or stain is then applied.

All of our high quality hardwoods are kiln dried to a moisture content of 6-10%. However, timber, by nature, is susceptible to expansion and shrinkage depending on the environment in which it is installed.

This means it could expand when there is an abundance of moisture in the air, particularly in winter or when excess moisture is prevalent in renovated or new builds. Contraction may occur in the summer months when the climate is drier. This potential natural movement of the timber can cause any layer of paint, lacquer, varnish etc that has been applied, to move with it and may result in panel shrinkage and hairline cracks along the joints of the door. This is considered to be a positive feature, adding an authentic look and feel to the home of any customer who appreciates the fine, natural qualities of timber. This must be explained to the customer upon sale of the product. For customers who would prefer not to live with the natural characteristics of timber, a foil door would be the ideal choice. Unlike timber, it remains static and is available in a range of colours and styles.

Please note: In the event of hairline cracks appearing on doors with a painted finish, Uform will not be held liable.

MDF painted ranges are manufactured from MDF Plus as it provides a stable material that can be finished to an exceptionally high standard. It has more compact fibres within the core to provide a smoother finish when you router the MDF.

In addition Uform use a pre-tensioned MDF Plus to provide resistance to bowing. The smooth painted product is sustainable to whatever humidity conditions it is fitted in. It will not crack at the joints, the paint will not fracture on the door and the doors will not twist or warp. Ultimately the products will remain stable within the kitchen for a long period of time.

ORDER PROCESS

- Any order for painted/stained product must be sent via fax, email or through the Uform Online ordering platform. An order acknowledgement will be sent to the customer upon receipt of any order.
- Due to its bespoke nature, painted/stained product orders cannot be changed or cancelled once the order has been placed. Any additions will be treated as a new order.
- No part orders will be despatched. Only full and complete orders will be despatched at any given time.
- Uform will not accept the return of surplus painted product.
- Although Uform always tries to maintain a consistent colour match in batches of painted/stained product, there may be a slight colour variation between batches. An exact colour match cannot be guaranteed.

- Due to the fact that some painted product is crafted from solid timber - a living product - it may be susceptible to cracking along the joints from natural movement, caused by changes in humidity. Touch-up paints are sold separately. We recommend you state this to your customers as part of the sales consultation process.
- The painted/stained colour swatches that are printed in our marketing material are as closely matched as the printing process will allow. For more accurate matching, please request one of our actual painted timber swatches. Painted colours, however, will always vary slightly.

All painted/stained ranges require a specific lead time plus delivery. See page 2 for details.

PAINT & REPAIR KITS

Paint per litre

Litre tins of paint are available for all Uform paint colours. Can only be purchased in multiples of 1 litres.

Care & Repair Kit

Available in all Uform paint colours. Kit includes:
1 x Softwax Filler Stick
1 x Touch Up Pen
1 x Softwax Applicator
1 x Scotchbrite Pad

Touch-Up Paint Aerosol

The Touch-Up Paint Aerosol is used to finish off any minor repairs or cover up any superficial marks or stains.

Touch-Up Stain Pens

Stain Touch-up Pens are available for Rezana, Tavola and Versa ranges.

Touch-Up Paint Kit

Paint Touch Up Kits include 25ml of paint and 5ml of hardener and are available for CMS colours.

Please Note: Care & Repair Kits, Pens and Aerosols are only suitable for use on timber and smooth painted ranges and should only be used for minor repairs to backs and edges of doors. They should not be used on door fronts. Paint, aerosols and care kits can only be shipped as part of a palletised order.

The original painting process and touch up repair process are very different: - coating weight, drying time and application slight variances can be expected. Touch-ups are beyond Uform's control - we strongly recommend doing a patch test in an inconspicuous area as we cannot accept responsibility for any variances that may occur for the reason outlined.

MADE TO ORDER

Our special size and made to order products are created to accommodate customers who desire alternative sizes or designer features to create bespoke furniture.

Sizes and prices vary from range to range and detailed information can be found on the pages specific to each range.

ORDER PROCESS

- No orders will be accepted verbally.
- To ensure that your order is manufactured correctly please detail the range name and sizes required via fax or email.

- A notice of acknowledgement will be sent to you upon receipt of your order to confirm that all technical details are correct and pricing approved.
- Any changes to your order must be made by 12 noon the next working day after the order is placed.
- Any orders with 5 pieces or over will have an additional week added to the delivery lead time.**

We reserve the right to decline making a made to order product where it is decided the size makes it impractical or susceptible to future issues e.g. bowing. Cancellations for made to order products cannot be accepted if manufacturing has commenced. Made to order products are non-returnable and non-refundable.

COLOUR MATCH SERVICE

Uform offers a colour match service for customers who request a paint colour match from either a RAL (European Standard) or BS (British Standard) paint swatch.

LEAD TIME

A special paint colour order will incur a longer lead time than Uform standard colours – this is due to the fact that paint must be sourced and a physical sample must be signed off by the customer before production begins.

PRICING

A flat fee of £80 will be applied on all orders below £800 (nett price excl. VAT).

On all orders above £800 (nett price excl. VAT) a 10% fee capped at £300 will be applied per special colour.

Please Note: Special paint colours are held in stock for a maximum of 4 months from despatch date. All remedials and add-ons will be charged at the non-stock painted paint prices plus 20%. This will be dependent on the availability of the required paint. If it is unavailable, a charge of £45 will be incurred for the purchase of 5 litres of fast matched paint.

ORDER PROCESS

- A RAL or BS number and/or colour sample must be supplied to Uform for accurate matching.
- Uform will source paint and provide an A4-sized MDF sample which will be available approximately up to 2 weeks (plus next delivery day) after the initial information has been provided (MDF samples are charged at £40.93 plus vat each, no discount applicable). Uform will also retain a copy of the sample for reference.
- Uform to receive written confirmation that the production sample is approved before production begins. You will receive an order acknowledgment detailing the despatch date once the order has been processed.
- Due to its bespoke nature, painted product orders cannot be changed or cancelled once the order has been placed. Any additions will be treated as a new order.
- No part orders will be despatched. Only full and complete orders will be despatched at any given time.
- Uform will not accept the return of surplus painted product.
- Although Uform always tries to maintain a consistent colour match in batches of painted product, there may be a slight colour variation between batches. An exact colour match cannot be guaranteed.

DOOR DRILLING SERVICES

Our in-house drilling service saves you time and hassle and is available for all door frontals. Our Door Drilling Service is solely for drilling hinge cup holes and not the pilot holes. Door drilling is chargeable - please refer to current pricelist.

- Diameter: 35mm(+/- 0.2mm)
- Depth: 14mm (+/-0.5mm)
- Set positioning: from side edge to centre point 22.5mm (+/-0.5mm)
- Set positioning: from top (T) / bottom (B) - is available to your specific requirements. (+/-1mm) which must be clearly identified on the mandatory order form.

Number of default hinge holes will depend on door height as indicated on the illustrations below.

ORDER PROCESS

- 1 No orders will be accepted verbally.
- 2 Door drilling is available to process on Uform Online or via the mandatory drilling order form (this can be obtained from your Key Account Manager, or Area Sales Manager).
 - Enter the name and colour of the range you require.
 - Enter the full Uform code of the door /accessory you require, ie SW-715497 & quantity.
 - Identify if the product is to be drilled – specifying whether you want your doors drilled on the left (L) or right (R) hand side or top hung (T) or bottom hung (B).
 - Enter the drill holes set positioning from the top of the door to the centre of the hole. If handed, hole dimensions should be measured from the top of the door, T1, T2 & C (as identified on drawings above) and B1 & B2 measured from the bottom of the door to the centre of the hole if top/bottom hung. T1 is measured from left and B1 is measured from right.
- 3 A notice of acknowledgement will be sent to you upon receipt of your order to confirm that all technical details are correct and pricing approved.
- 4 Uform will endeavour to accommodate any changes received by 12 noon the next working day after order acknowledgement, however, this cannot be facilitated if product has been picked and drilling has commenced.
- 5 **Any drilled order with have an additional working day added to the products current lead time.**

Cancellations for drilled products cannot be accepted once manufacturing has commenced.

Drilled products are non- returnable and non-refundable.

** For drilling purposes all Strada (J Pull) and Harborne (Integrated Handle) doors are considered to be base unit doors where the integrated handle is positioned at the top of the door.

For example, when ordering bored doors for wall units in Strada (J Pull) - If you require a right hand wall unit door (Diagram A) you must order a left hand drilled base unit door (Diagram B).

MFC OPTIONS

MFC board options are available for most of our ranges. Please use the charts below as a guide when choosing a colour match for your chosen range. As colour matching between materials can never be exact, we recommend you obtain board samples prior to purchase in order to compare colours.

With appropriate care and maintenance, our furniture is designed to provide years of reliable service. To keep it in the best possible condition, please follow the simple guidelines below.

Designed for domestic use, we recommend that each area / cabinet in the room is maintained within domestic temperature and humidity levels. We recommend a temperature range of 16°C - 24°C and a relative humidity range of 40% to 60%.

Please note your guarantee may be adversely affected if used for non-general domestic environments and care and maintenance guidance is not adhered to. Please see the Terms & Conditions page for details of the guarantee.

INSTALLATION ADVICE

Ensure that all new-builds or newly plastered rooms have been left to environmentally stabilise prior to the installation of new furniture. Furniture must not be installed in a damp, or moisture-rich environment as it will cause undesirable movement in the joints and panels of the door. A hygrometer should be used to assess conditions.

To help minimise any potential damage to the furniture whilst you are installing it, please read and adhere to the following instructions:

- We would advise that you make an initial check to confirm that you have the correct quantity and size of fascias; you can do this by referring to the labels attached to the outer packaging.
- Ensure that you fully inspect each individual fascia prior to attaching the hinges. Claims for damage to the fascia will not be accepted after the hinges have been attached.
- If doors are supplied with a protective film on the face they must not be directly exposed to sunlight. You should remove this only after they are installed as the curing process continues for around 72 hours after the film is removed. This means the doors will be liable to scratching and other marks. You should avoid cleaning the doors for at least a few days to prevent any marks appearing on the surface.
- Do not stack the doors on their ends on any hard surface; this can cause chipping and scratching along the edge of the fascia, especially on the handle edge of ranges with an integral handle. Prior to fitting, the fascias should be stored flat, ensuring that they are not resting on any dirt or debris that may damage or mark the finish.
- Take extreme care when stacking the fascias with hinges attached to ensure that the hinges do not mark other fascias. Do not lean the fascias against one another, or against any surface without proper protection in-between.

- You should take extreme care not to put the door down with excessive force on any edge, especially the handle edge, as this will cause crushing/impact damage on these edges.
- If the fascias are attached to the carcass, then you should carefully remove the fascias by unclipping the hinges and storing these flat in a clean safe environment away from your working area, utilising the packing materials from the units.
- Take extreme care when unpacking the fascias and do not use sharp blades to cut away the packaging.
- Where cutting/scribing décor panels and trim, you must use a sharp quality saw blade of the appropriate grade for fine-cutting, or a suitable router. Small chips can appear along the cut-edge, and so extra care must be taken to minimise the risk of chipping. Using a blunt or inappropriate saw blade will produce a poor finish, and this will not be covered by the guarantee.
- All cut edges should be sealed against moisture ingress using a suitable water-resistant sealant/adhesive prior to installation.
- When attaching the hinges, place the fascia face down on a soft, clean surface, ensuring that there is no grit, sawdust or other matter underneath than can damage the surface of the fascia whilst the hinges are attached. It is good practice to place a sheet of clean cardboard between the fascia and the flat surface prior to attaching the hinges.
- If the hinges are ‘knock-in’ type. Use a rubber mallet to knock the hinges into the fascia without using excessive force.
- Once the hinges have been attached to a door, hang the door on the unit straight away to avoid damage. Do not stack the doors with the hinges touching other doors, as this can cause scratches or marks to the other fascias.
- On Painted Products - Any fine chips along the cut edge should be smoothed with a fine grade sandpaper prior to fitting.
- All trims are supplied in long lengths and need to be cut down on site, using the appropriate tools.
- When fitting the plinth, ensure that you check the dimensions of any adjacent appliances. On occasion, the plinth may need to be pulled forward to ensure that it clears the front of the appliance. This can be achieved by fitting blocks using off-cuts to the rear of the plinth prior to attaching the plinth clips, to step the plinth forward from its normal position.

GENERAL CARE

Heat & moisture

As with all furniture the most common problems occur due to excessive or prolonged exposure to heat and/or moisture.

- Spills and condensation on fascia should be cleaned and dried immediately. Particular attention must be paid to sink areas and wet appliances as damage caused as a result is not covered by warranty.
- Dishwasher doors should not be opened mid cycle or immediately at the end of a cycle. Damage caused by the excess steam will not be covered by warranty.
- Appliances that create steam (e.g., steamer, coffee maker, kettle, steam mop, etc) should not be placed underneath cabinets or near units where condensation may form.
- Care must be taken when washing floors and work surfaces to prevent liquid accumulating on or adjacent to plinth and panels. These areas should be dried thoroughly after cleaning.
- Appliances that generate excessive heat such as toasters, air fryers, microwave ovens, etc, should be correctly ventilated and not placed under or near kitchen units.
- Please be careful not to puncture the foil/melamine lacquered surface of your furniture. These should be kept dry to prevent moisture ingress.

Light & colour

The colour of doors and drawer fronts may appear mismatched in colour. This apparent mismatch is sometimes the effect of differing light conditions within the room, (known as metamerism). To check your doors and fascia you should place them side by side in natural daylight for comparison.

Please note that after a period of time, it is normal for the colouring of furniture to mellow in colour. In particular, timber & light lacquered surfaces change colour have a certain tendency to “yellow with age.” This is not a manufacturing fault and is due to exposure to light. The product material, finish and the intensity of exposure will affect the rate of change. Due to this, we advise that colour change is taken into consideration when replacing or fitting new doors sometime after the original furniture has been installed, as replacements may not be an exact colour match. This also should be taken into consideration when choosing colours from samples and swatches and it is therefore recommended that samples/ swatches are changed regularly.

Cleaning advice

- Periodically clean the interior and exterior surfaces of the door using a soft, damp cloth. Wipe dry all surfaces after cleaning.
- Do not use wax-furniture polish, abrasive or aggressive cleaners, bleach, or other hypochlorite (chlorine) based cleaners, multipurpose cleaners, dilutes, acetone, alcohol, solvent, or similar products on the door, as this will damage the surface; Additionally wax and polishes leave a residue build up that is difficult to remove. Only use a 5% soap, 95% water (liquid soap) solution, wiping with a damp (not wet) cloth, finally drying with a soft, clean cloth only.
- There are a number of products available which are designed for cleaning high gloss doors, but plain water can be used for regular cleans. Always use a lint free soft cloth and use a circular motion to achieve a high buff. Micro-fibre cloths are perfect for achieving a high shine with little effort. High gloss doors may show fingerprints, which can be easily cleaned with a soft cloth.
- Do not expose the furniture to temperature in excess of 60°C (140°F) (Approximately the temperature of washing up water).
- Dust with a soft cloth only.
- Never use any abrasive pads or abrasive cleaners of the furniture.
- If using glass cleaner on your glazed/mirrored doors be careful not to damage the finish of the door and cabinet parts while cleaning. Do not spray cleaner directly on to the surface as this may discolour the finish of your units. Instead, spray a small amount of cleaner on to a lint free cloth or paper towel then wipe the glass/mirror.
- Ensure all cooking splashes, spills and condensation on the furniture are wiped immediately with a damp cloth; and dried immediately.
- If the surface of the product is exposed to any oil-based substance (for example olive oil, butter, margarine or cooking oil), the spillage must be wiped away immediately to prevent staining.

PAINTED AEROSOLS

MADE TO ORDER DOORS		
Pricing is calculated using the next size up in the matrix. For example, if you require a door that is 465(h) x 423(w), the price would be based on 490(h) x 447(w) door.	SANDED	PAINT TO ORDER

PLEASE NOTE: PRICES LISTED ARE NETT AND ARE NOT SUBJECT TO DISCOUNT

The number of cross rails and position may differ depending on the application/location of the door. Please note: Aldana rails are 68mm. When ordering you must identify the number and position of the cross rails you require by completing an **Aldana MTO Order Form**. Order forms are available from **customerservices@uform.co.uk**

MADE TO ORDER DOORS		
Pricing is calculated using the next size up in the matrix. For example, if you require a door that is 465(h) x 423(w), the price would be based on 490(h) x 447(w) door.	SANDED	PAINT TO ORDER

PLEASE NOTE: PRICES LISTED ARE NETT AND ARE NOT SUBJECT TO DISCOUNT

*Slab drawerfronts are only available at the specified height in the table - no other heights are available.

Any doors / plain frames ordered over 1425 high with no cross rails will not be covered by warranty. Plain frames are supplied part assembled (but not fixed) with glazing bead and exclude glass/mirrors.

Made to Order
Made to order doors that require a cross rail should be ordered using a range specific digital order form to ensure that the cross rails are positioned correctly. Order forms are available from customerservices@uform.co.uk

MADE TO ORDER DRAWERFRONTS & DOORS		
Pricing is calculated using the next size up in the matrix. For example, if you require a door that is 465(h) x 423(w), the price would be based on 490(h) x 447(w) door.	SANDED	PAINT TO ORDER

PLEASE NOTE: PRICES LISTED ARE NETT AND ARE NOT SUBJECT TO DISCOUNT

The number of cross rails and position may differ depending on the application/location of the door. Please note: Jacobsen rails are 98mm. When ordering you must identify the number and position of the cross rails you require by completing an **Jacobsen MTO Order Form**. Order forms are available from **customerservices@uform.co.uk**

MADE TO ORDER DOORS		
Pricing is calculated using the next size up in the matrix. For example, if you require a door that is 465(h) x 423(w), the price would be based on 490(h) x 447(w) door.	SANDED	PAINT TO ORDER

MADE TO ORDER DOORS		
Pricing is calculated using the next size up in the matrix. For example, if you require a door that is 465(h) x 423(w), the price would be based on 490(h) x 447(w) door.	SANDED	PAINT TO ORDER

MAX & MIN SIZES

QUADRANT DOORS

A technical diagram of a quadrant door. It shows a rectangular door with a rounded bottom corner. A dimension line with an arrow points to the radius of the corner, labeled 'R200mm'. The door is shown in a perspective view, with a top edge and a bottom edge. The overall height of the door is indicated as 715mm.

DOOR SPECIFICATION

Description	Slab
Finish	Knotty oak veneer cross scratched and stained *
Frame material	MDF
Door thickness	18mm
Edge colour	As face
Reverse colour	Different grain structure from face **

* Veneers are randomly selected and therefore, each door will be different in grain structure and can have variation in colour.

There will be a variation in grain structure from door to door, with light and dark areas merging to enhance its realistic appearance. The application of a stain will usually emphasise this variation.

** The door has an A side and a B side, each side having a noticeable grain difference.

DOOR SPECIFICATION

Description	Slab with horizontal grain
Finish	Oak veneer painted or stained *
Base material	PEFC chipboard
Door thickness	18mm
Edge colour	As face
Reverse colour	As face**

Door grain direction is horizontal.

* Veneers are randomly selected and therefore, there will be varying grain structure from door to door. The application of a stain will emphasise this with light and dark areas emerging.

** Each door has an A side and a B side, each side having a noticeable grain difference. It is imperative that the B side is bored, prior to installation.

*** Made to Order panels have the same grain on both sides and grain direction is vertical.

PLEASE NOTE: PRICES LISTED ARE NETT AND ARE NOT SUBJECT TO DISCOUNT

Made to Order Doors have an A side and a B side, each side having a noticeable grain difference. It is imperative that the B side is bored, prior to installation. Special size doors should be ordered using a range specific **digital order form**. Order forms are available from Customer Services. Email: customerservices@uform.co.uk

DOOR SPECIFICATION

Description	Slab with vertical grain
Finish	Oak veneer painted or stained *
Base material	PEFC chipboard
Door thickness	18mm
Edge colour	As face
Reverse colour	As face**

Door grain direction is vertical.

* Veneers are randomly selected and therefore, there will be varying grain structure from door to door. The application of a stain will emphasise this with light and dark areas emerging.

** Each door has an A side and a B side, each side having a noticeable grain difference. It is imperative that the B side is bored, prior to installation.

*** Made to Order panels have the same grain on both sides and grain direction is vertical.

MADE TO ORDER DOORS	
Pricing is calculated using the next size up in the matrix. For example, if you require a door that is 465(h) x 423(w), the price would be based on 490(h) x 447(w) door.	STAIN TO ORDER

PLEASE NOTE: PRICES LISTED ARE NETT AND ARE NOT SUBJECT TO DISCOUNT

Made to Order Doors have an A side and a B side, each side having a noticeable grain difference. It is imperative that the B side is bored, prior to installation. Special size doors should be ordered using a range specific **digital order form**. Order forms are available from Customer Services. Email: customerservices@uform.co.uk

MADE TO ORDER PANELS		
Pricing is calculated using the next size up in the matrix. For example, if you require a panel that is 2150(h) x 425(w), the price would be based on the 2200(h) x450(w) panel.	SANDED	PAINT TO ORDER

PLEASE NOTE: PRICES LISTED ARE NETT AND ARE NOT SUBJECT TO DISCOUNT

The number of cross rails and position may differ depending on the application/location of the door. Please note: Winslow rails are 93mm. When ordering you must identify the number and position of the cross rails you require by completing a **Winslow MTO Order Form**. Order forms are available from **customerservices@uform.co.uk**

MADE TO ORDER DOORS		
Pricing is calculated using the next size up in the matrix. For example, if you require a door that is 465(h) x 423(w), the price would be based on 490(h) x 447(w) door.	SANDED	PAINT TO ORDER

MATRICES

STANDARD KITCHEN MATRIX

- These setting out dimensions are based on 40mm thick worktops.
- All dimensions shown are in millimetres.
- All dimensions here refer to fascia sizes unless stated otherwise.
- Studio unit & tower unit options are shown on the next page.
- With appliances, follow the manufacturer’s installation instructions, particularly for hob-to-extractor/hood distances & ventilation.

• **Check individual kitchen range contents for availability of specific fascia sizes & door types.**

2150MM TALL HEIGHT SOLUTIONS

1970MM MEDIUM HEIGHT SOLUTIONS

1825MM LOW HEIGHT SOLUTIONS

TOWER & STUDIO KITCHEN MATRIX

ORDER ONLINE
ONLINE.UFORM.CO.UK

- All appliance units here are 600mm wide. Dimensions shown in brackets refer to appliance aperture heights (the distance between fascias).
- To reduce an aperture to the exact size, cut trimmer panels from a 597mm wide drawer fascia. The appliance shelf position must be correctly calculated to ensure appropriate appliance fascia positioning.
- Allow gaps between the appliance and cabinet fascias. These are typically 3mm between horizontally adjacent fascias and 5mm between vertically adjacent fascias.
- Follow the appliance manufacturer’s installation instructions carefully. Allow proper clearances & ventilation below & behind the appliance (typically 50mm high/deep).
- **Check individual kitchen range contents for availability of specific fascia sizes & door types.**

Style 2: Using quadrant end moulding pilasters, quadrant moulded pilaster base & moulded skirting plinth.
Applicable to Aldana range only.

Style 3: Using universal moulding to create mock inframe.

TERMS & CONDITIONS

1. DEFINITIONS

In these conditions, unless the context requires otherwise:

- 1.1 ‘Buyer’ means the person who buys or agrees to buy the Goods from the Seller and who shall not be a consumer;
- 1.2 ‘Conditions’ means the terms and conditions of sale set out in this document and any special terms and conditions agreed in writing by the Seller;
- 1.3 ‘Delivery Date’ means the date specified by the Seller when the goods are to be delivered;
- 1.4 ‘Goods’ means the articles which the Buyer agrees to buy from the Seller;
- 1.5 ‘Price’ means the price for the Goods excluding carriage, packing, insurance and VAT; and
- 1.6 ‘Seller’ means Oakwood Door Designs Limited t/a Uform (Company Registration No. NI035907) the registered office of which is at Creagh Business Park, Hillhead Road, Toomebridge, Antrim BT41 3UF.

2. CONDITIONS APPLICABLE

- 2.1 The Conditions shall apply to all contracts for the sale of Goods by the Seller to the Buyer to the exclusion of all other terms and conditions including any terms or conditions which the Buyer may purport to apply under any sales offer, purchase order or similar document or in correspondence. The Conditions constitute the entire understanding between the Seller and the Buyer with respect to the subject matter covered by the contract of sale and supersede all previous agreements and understandings between the parties.
- 2.2 All orders for Goods shall be deemed to be an offer by the Buyer to purchase the Goods therein mentioned for the Price pursuant to these Conditions. In the event that any of the Goods is unavailable, the order shall be deemed to be an order for only those Goods which are available and may be accepted by the Seller accordingly.
- 2.3 An order is accepted by the Seller upon the allocation of the Goods to the order such that they are ascertainable. For the avoidance of doubt, acceptance of delivery of the Goods shall be deemed conclusive evidence of the Buyer’s acceptance of these Conditions.
- 2.4 Any variation to these Conditions (including any special terms and conditions agreed between the parties) shall be inapplicable unless agreed in writing by the Seller.

3. PRICE AND PAYMENT

- 3.1 The Price shall be the price stipulated in the Seller’s published price list current at the date of delivery of the Goods. In the case of bespoke Goods, the Price shall be the price agreed in writing between the parties.
- 3.2 The Price is exclusive of VAT which shall be due at the rate prevailing on the date of the Seller’s invoice.
- 3.3 The Price is ex works and where the Seller agrees to arrange for the Goods to be sent to the Buyer, the Buyer shall be responsible for the costs of loading, carriage and unloading.
- 3.4 The Seller may by giving notice to the Buyer at any time up to 7 days before delivery increase the Price of the Goods to reflect any increase in the cost to the Seller which is due to factors occurring after the making of the contract of sale which are beyond the reasonable control of the Seller (including, without limitation, foreign exchange fluctuations, taxes and duties and the cost of labour, materials and other manufacturing costs), provided that the Buyer may cancel this contract within 2 days of any such notice from the Seller by giving notice to the Seller.
- 3.5 Payment of the Price, any charges for carriage and insurance and VAT shall be made in a manner acceptable to the Seller in cleared funds with order unless credit facilities have been agreed, in which case, it should be noted that the date of invoice is the effective date for calculating credit facilities. Time for payment shall be of the essence. If means of payment is tendered and, if a cheque, dishonoured or, if credit card details, payment is refused, the Buyer shall pay to the Seller as and by way of agreed liquidated damages an additional amount of £25.
- 3.6 Interest on overdue invoices shall accrue from the date when payment becomes due until the date of payment at a rate of 1.5% per month or part month and shall accrue at such a rate after as well as before any judgment.

4. THE GOODS

- 4.1 The Goods shall accord with the description contained in the Seller’s published price list.
- 4.2 The Seller may from time to time make the changes to the said description which are required to comply with any applicable safety or statutory requirements or which do not materially affect the quality or fitness for purpose of the Goods.

5. INTELLECTUAL PROPERTY

- 5.1 The intellectual property rights in the Goods shall as between the parties be the property of the Seller. Where any designs or specifications have been supplied by the Buyer for manufacture by the Seller or to the order of the Buyer, then the Buyer warrants that the use of those designs or specifications for the manufacture, processing, assembly or supply of the Goods shall not infringe the rights of any third party.

6. DELIVERY OF GOODS

- 6.1 The Goods shall be delivered to the Buyer either ex works or upon the Goods passing into the control of the Buyer or the Buyer’s agent, whichever may be the earlier. The risk in the Goods shall pass to the Buyer upon such delivery taking place. Time for delivery shall not be of the essence.
- 6.2 The Seller may deliver the Goods by separate instalments. The Seller may raise a separate invoice and require payment for each instalment.
- 6.3 The Seller shall not be liable for any loss or damage whatever due to failure by

- the Seller to deliver the Goods (or any of them) promptly or at all.
- 6.4 Notwithstanding that the Seller may have delayed or failed to deliver the Goods (or any of them) promptly the Buyer shall be bound to accept delivery and to pay for the Goods in full provided that delivery shall be tendered at any time within 3 months of the Delivery Date.
- 6.5 If so requested, the Seller shall arrange for carriage of the Goods to the Buyer’s address by means of an independent courier, which shall be the agent of the Buyer. The costs of carriage and insurance shall be charged to the Buyer in accordance with the schedule of rates negotiated by the Seller with the courier and then prevailing and shall be paid by the Buyer without any set-off or other withholding whatever. Such costs shall fall due for payment on the date for payment of the Price.

7. ACCEPTANCE OF THE GOODS

- 7.1 The Buyer shall inspect the Goods on receipt and shall mark any delivery note to record any alleged damage in transit.
- 7.2 The Buyer shall within 3 working days of receipt notify the Seller of any alleged defect, shortage in quantity, damage or failure to comply with description, written notification to be sent to the following e-mail address, namely customerservices@uform.co.uk, and not otherwise.
- 7.3 The Buyer shall afford the Seller an opportunity to inspect the Goods within a reasonable time following delivery and before any use is made of them.
- 7.4 If the Buyer shall fail to comply with the provisions in Conditions 7.1-7.3, the Goods shall be conclusively presumed to be in accordance with the contract and free from any defect or damage which would be apparent on a reasonable examination of the Goods and the Buyer shall be deemed to have accepted the Goods.
- 7.5 After acceptance the Buyer shall not be entitled to reject Goods which are not in accordance with the contract. Notwithstanding Section 35A(1) of the Sale of Goods Act 1979, acceptance of some of the Goods by the Buyer, whether conforming to the contract or not, shall deprive the Buyer of the right to reject the rest of the Goods, whether conforming to the contract or not.
- 7.6 If the Buyer properly rejects any of the Goods which are not in accordance with the contract, the Buyer shall nonetheless pay the Price for such Goods unless the Buyer promptly gives notice of rejection to the Seller and at the Buyer’s cost returns such Goods to the Seller before the date when payment of the Price is due.

8. RETURNS

- 8.1 No Goods delivered to the Buyer which are in accordance with the contract will be accepted for return without the prior written approval of the Seller and on terms to be determined at the absolute discretion of the Seller.
- 8.2 If the Seller agrees to accept any such Goods for return the Buyer shall be liable to pay a handling charge of 30% of the invoice price. Such Goods must be returned by the Buyer carriage-paid to the Seller in their original shipping carton.
- 8.3 Goods returned without the prior written approval of the Seller or otherwise than in accordance with the terms stipulated may at the absolute discretion of the Seller be returned to the Buyer or stored at the Buyer’s cost without prejudice to any rights or remedies the Seller may have.
- 8.4. The following goods will be non-returnable to the Seller; drilled goods, painted goods, discontinued goods, made to measure goods and goods which are no longer in their original packaging.

9. TITLE

- 9.1 In spite of delivery having been made property in the Goods shall not pass from the Seller until:
 - 9.1.1 The Buyer shall have paid the Price plus VAT in full; and
 - 9.1.2 no other sums whatever shall be due from the Buyer to the Seller.
- 9.2 Until property in the Goods passes to the Buyer in accordance with Condition 9.1, the Buyer shall hold the Goods and each of them on a fiduciary basis as bailee for the Seller. The Buyer shall store the Goods (at no cost to the Seller) separately from all other goods in its possession and marked in such a way that they are clearly identified as the Seller’s property.
- 9.3 Notwithstanding that the Goods (or any of them) remain the property of the Seller the Buyer may sell or use the Goods in the ordinary course of the Buyer’s business at full market value for the account of the Seller. Any such sale or dealing shall be a sale or use of the Seller’s property by the Buyer on the Buyer’s own behalf and the Buyer shall deal as principal when making such sales or dealings. Until property in the Goods passes from the Seller the entire proceeds of sale or otherwise of the Goods shall be held in trust for the Seller and shall not be mixed with other money or paid into any overdrawn bank account and shall be at all material times identified as the Seller’s money.
- 9.4 The Seller shall be entitled to recover the Price (plus VAT) notwithstanding that property in any of the Goods has not passed from the Seller.
- 9.5 Until such time as property in the Goods passes from the Seller the Buyer shall upon request made at any time and for any or no stated reason deliver up such of the Goods as have not ceased to be in existence or resold to the Seller. If the Buyer fails to do so the Seller may enter upon any premises owned, occupied or controlled by the Buyer where the Goods are situated and repossess the Goods. On the making of such request, the rights of the Buyer under Condition 9.3 shall cease.
- 9.6 The Buyer shall not pledge or in any way charge by way of security for any indebtedness any of the Goods which are the property of the Seller. Without prejudice to the other rights of the Seller, if the Buyer does so all sums whatever owing by the Buyer to the Seller shall forthwith become due and payable.
- 9.7 The Buyer shall insure and keep insured the Goods to the Price against ‘all risks’ to the reasonable satisfaction of the Seller until the date that property in the Goods passes from the Seller, and shall whenever requested by the Seller produce

a copy of the policy of insurance. Without prejudice to the other rights of the Seller, if the Buyer fails to do so all sums whatever owing by the Buyer to the Seller shall forthwith become due and payable.

10. GUARANTEE AND LIABILITY

- 10.1 The Seller sells all Goods in its current published price list with the benefit of the following guarantee, namely that the all Goods will be free from defects in materials and workmanship under normal use for 5 years from the date of delivery under this contract. This guarantee shall be the Buyer’s exclusive remedy in respect of claims relating to the quality and/or fitness for purpose of Goods in substitution, to the fullest extent permitted by law, for all other remedies in respect thereof and is subject to the following conditions, namely that:
 - 10.1.1 the maximum liability of the Seller in respect of defective Goods is, at its option, to repair or replace any defective Goods and in the event that Goods cannot, in the Seller’s opinion, be replaced supply a similar or equivalent product;
 - 10.1.2 the guarantee is conditional upon strict compliance with the conditions set out in Conditions
 - 10.1.3 the Buyer must, at the time of making a claim under this guarantee, produce a dated proof of purchase of the Goods
 - 10.1.4 the Goods shall have been kept, at all times, either in an appropriate environment in the Buyer’s store or in a private domestic residence and not subjected to any abnormal use or Conditions at any time;
 - 10.1.5 the Goods shall have been treated and maintained in compliance with the written guidance concerning the Goods and their care and maintenance, insofar as the same applies to the Goods, set out in the Seller’s published price list;
 - 10.1.6 the Buyer shall have notified the claim to the Seller within 30 days of the date on which the defect first became manifest;
 - 10.1.7 no person shall, at any time, have made or attempted to make any repair or alteration to the Goods or commissioned or instructed any third party to do so;
 - 10.1.8 for the avoidance of doubt, defects shall not include the consequences of normal wear and tear or damage caused by or arising from accident, misuse, abuse, improper installation, excessive exposure to heat or moisture from integrated or freestanding appliances, maintenance or cleaning.
- 10.2 Subject to the guarantee at Condition 10.1, all terms, conditions, guarantees and representations (whether implied or made expressly) whether by the Seller its servants or agents or otherwise relating to the quality and/ or fitness for the purpose of the Goods or any of the Goods are excluded to the fullest extent permitted by law.
- 10.3 In the event that the Buyer rejects any Goods, the Buyer shall have no further rights whatever in respect of the supply to the Buyer of such Goods or the failure by the Seller to supply Goods which conform to the contract of sale.
- 10.4 In the event that the Buyer accepts or has been deemed to have accepted any Goods, then the Seller shall have no liability whatever to the Buyer in respect of those Goods.
- 10.5 The Seller shall not be liable to the Buyer for late delivery or short delivery of the Goods.
- 10.6 The Seller shall be under no liability whatever to the Buyer for any indirect loss and/or expense (including loss of profit) suffered by the Buyer arising out of a breach by the Seller of this contract and/or any negligence of or breach of duty by the Seller.
- 10.7 In the event of any breach by the Seller of this contract and/or any negligence of and/or any other breach of duty by the Seller, the remedies of the Buyer shall be limited to damages, under no circumstances shall the liability of the Seller in respect of any Goods exceed the Price of those Goods.

11. REMEDIES OF THE SELLER

- 11.1 If the Buyer fails to accept delivery of any Goods ordered by the Buyer and/ or make any payment on the due date and/or commits any other breach of this contract of sale, without prejudice to any of the Seller’s other rights the Seller may:
 - 11.1.1 suspend or cancel deliveries of any of the Goods (or Goods supplied under any other contract with the Buyer) as may have been ordered but not at that time delivered to the Buyer; and/or
 - 11.2.1 appropriate any payment made by the Buyer to such of the Goods (or Goods supplied under any other contract with the Buyer; and/or
 - 11.3.1 treat this contract and any other contract between the Seller and the Buyer as repudiated by the Buyer with the result that all sums to become payable under any such contract shall immediately fall due for payment as the Seller may in its sole discretion think fit.
 - 11.2 If any distress or execution shall be levied upon any of the Buyer’s goods or if the Buyer offers to make any arrangement with its creditors or if any bankruptcy petition is presented against the Buyer or the Buyer is unable to pay its debts as they fall due or if being a limited company any resolution or petition to wind up the Buyer (other than for the purpose of amalgamation or reconstruction without insolvency) shall be passed or presented or if a receiver, administrator, administrative receiver or manager shall be appointed over the whole or any part of the Buyer’s business or assets or if the Buyer shall suffer any analogous proceedings under foreign law all sums outstanding in respect of the Goods shall become payable immediately. The Seller may in its absolute discretion and without prejudice to any other rights which it may have suspend all future deliveries of Goods to the Buyer and/or terminate the contract without liability upon its part.
 - 11.3 In the event that the Buyer declines to accept the Goods in breach of this contract, the Buyer shall pay to the Seller as and by way of agreed liquidated damages an amount equal to the price of the Goods less the net proceeds received by the Seller on re-selling the Goods after deducting the costs and expenses of re-sale.

12. NOTICES

- 12.1 Any notice under or in connection with this contract of sale shall be in writing and shall, unless otherwise stated, be served on the party by hand delivery at or by special delivery post to the address of the Seller set out in Condition 1 or the address of the Buyer set out in the order form or other pre-contractual correspondence.
- 12.2 in the absence of evidence of earlier receipt any notice shall be deemed to be duly served:
 - 12.2.1 if delivered personally when left at the address referred to in condition 12.1
 - 12.2.2 if sent by recorded delivery 3 days after posting.

13. NO SET-OFF

- 13.1 The Buyer may not withhold payment of any invoice or other amount due to the Seller by reason of any right of set of or counterclaim which the Buyer may have or allege to have or for any reason whatever.

14. THIRD PARTIES

- 14.1 The provisions of the Contracts (Rights of Third parties Act) 1999 shall not apply to this contract and a person who is not a party to this contract shall have no right under that Act to enforce any term of the contract.

15. FORCE MAJEURE

- 15.1 save for the Buyer’s obligation of payment under Condition 3, neither party shall be liable for any default due to any act of God, war, civil disturbance, malicious damage, strike, lockout, industrial action, fire, flood, drought, extreme weather conditions, compliance with any law or governmental order, rule, regulation, direction or other circumstance beyond the reasonable control of either party (“Force Majeure Event”)
- 15.2 Each party shall give notice forthwith to the other upon becoming aware of a force Majeure Event, the notice to specify details of the circumstances giving rise to the Force Majeure Event.

16. GENERAL

- 16.1 All headings are for ease of reference only and shall not affect the construction of this contract.
- 16.2 Any provision of this contract which is or may be void or unenforceable shall to the extent of such invalidity or unenforceability be deemed severable and shall not affect any other provision of this contract.
- 16.3 No waiver or forbearance by either party (whether express or implied) in enforcing any of its rights under this contract shall prejudice its right to do so in the future.
- 16.4 The Buyer cannot assign, novate, transfer, mortgage, charge, subcontract, delegate, declare a trust over or deal in any other manner with any or all of its rights and obligations under this contract without the prior written consent of the Seller.
- 16.5 The Seller may assign, novate, transfer, mortgage, charge, subcontract, delegate, declare a trust over and/or deal in any other manner with any or all of its rights and obligations under this contract (or any part of them) at any time without the prior consent of, or any other action being required from, the Buyer.
- 16.6 All legal costs and expenses incurred by the Seller in enforcing its right to payment under this contract shall be recoverable from the Buyer in their entirety without set-off or deduction.

17. DISPUTE RESOLUTION

- 17.1 The parties shall attempt to settle all disputes or differences arising out of this contract by negotiations between them and, in the event that they are unsuccessful, by mediation in accordance with the CEDR Model Mediation Procedure.
- 17.2 If any dispute as to the quality and/or fitness for purpose of any Goods is not resolved by the means specified in Condition 17.1 within one month, the dispute shall’ at the instance of one party or the other, be resolved by expert determination The parties may agree to appoint a particular person to be the expert. Failing agreement’ either party may request the chairman or other proper officer for the time being of FIRA international Limited to appoint the expert,
- 17.3 The expert will act as an expert and not as an arbitrator; act independently of and fairly and impartially as between the parties, giving each party a reasonable opportunity of presenting its case and countering any arguments of the other party and a reasonable opportunity to make submissions on the procedure or the expert determination; proceed in any manner he or she thinks fit; co-opt any legal or other technical expertise to assist his or her co-ordination of the dispute; conduct any investigation which he or she considers necessary to resolve the dispute; examine such documents and interview such persons as he or she may require; and make such directions for the conduct of the expert determination as he or she considers necessary The determination of the expert must be in writing, accompanied by reasons; will be final and binding; and is not an arbitration within the meaning of any statute, Each party will bear its own costs in respect of any preparation and/or representation at any expert determination, and pay one-half of the expert’s costs and any incidental costs of facilitating the expert determination.

18. PROPER LAW AND JURISDICTION

- 18.1 This contract is subject to the law of Northern Ireland, Subject to Condition 17, all disputes arising out of this contract shall be subject to the exclusive jurisdiction of the courts of Northern Ireland.

This image shows a full page of blank, lined paper. It features approximately 28 horizontal blue or grey lines spaced evenly apart, typical of notebook paper. The lines extend across the entire width of the page, leaving small margins at the top and bottom. There are no vertical lines, text, or other markings on the page.
